

CAMBRIDGE  
ENERGY PARTNERS

 NOMAD

## Quality Policy

Version 1 – September 2019

Cambridge Energy Partners, and its subsidiaries are committed to delivering the highest possible quality to their customers. We take the quality of our product seriously and believe our users should benefit from solar over the entire useful life of the asset.

To enable us to do this, we have implemented a quality management system that emphasizes best practices and continuous improvement. Based on the UNE-EN ISO 9001:2015 standard we, via our manufacturing subsidiary Nomad Trackers, commit to the following principles:

- We will ensure that our products comply with applicable specifications, standards and codes, as well as applicable laws and regulations.
- We will maintain a commitment to continuous improvement of our product and processes.
- We believe customer satisfaction is paramount, and our commitment to quality is at the heart of delivering it.
- We will promote open communication with our stakeholders, to help us improve our products and services.
- We will train and motivate our staff to promote our quality management principles.
- We will emphasize commitment to quality, respect for the environment, and commitment to safety in all our activities.

We are more than happy to discuss our policies, and can be contacted at [info@cambridge-ep.com](mailto:info@cambridge-ep.com) if you wish to learn more.

Sincerely,

Tom Miller – CEO
